INTERNATIONAL WOMEN'S DAY

On 8th march 2021, we celebrated international women's day. It is a day to recognize for their achievements without Regard to division whether national, ethnic, linguistic, cultural, economic, or political. The final year students were handling the light and offered it to God promising that they will be responsible women in the future society. Everyone was motivational to thank God for their womanhood and was made to realize the vital role that each one has to play in the family and society.
