LANGUAGE LAB REPORT
2017-2022

Language lab report for 2017-2022;

English is only a language not a knowledge which is used worldwide. all the innovation are in English. The people of the world speak different type as of language among these English is considered as an important one. The students of the Arputha college of arts and science are from remote village area and they lack communication skill. The main objectives of establish the laboratory is to enhance communication skills to students. It is an audio-visual communication. The college has a well-developed English language lab with efficient faculty members. The UG and PG students are observed to use the lab and to develop the skills. The students are given training in pronunciation, sentence making, conversation, vocabulary building, and the technique of knowing and improving listening, speaking, reading, writing and so on. Language lab is a certificate course offered to students with syllabus and taught to students as a solution for the immediate problems. The language lab has 25 systems with speed internet faculty. The assistant professor in charge of the language lab is Sr. A. Carmel, Swetha and Ganesan.
